

0024XXL

Gio Ponti, 1933

A series of horizontal discs in clear tempered glass for a true light installation. Available in floor and suspension versions, also in an XXL size with triple the diameter of the classic lamp, reaching 150 cm. Its jumbo personality brings timeless elegance to even the largest of interiors.

Suspension Lamp

TECHNICAL SHEET

Suspension lamp. Chrome-plated brass frame. Transparent tempered glass discs. The 30 cm-diameter central tubular sandblasted glass diffuser holds 4 G5 54W fluorescent light sources with DALI digital electronic power supply. The 4 suspension cables are housed in the canopy cover and the required length should be indicated at time of ordering. The lamp is levelled once mounted, using special tensioners fitted to the suspension cables. A version with methacrylate discs and/or emergency lighting is available on request. In this case, two beams of light ensure about one hour of autonomy without mains power. Ceiling strength should be verified in advance due to the weight of the lamp (about 300 Kg for glass disc version and 200 Kg for the methacrylate disc version).

MODEL NAME: 0024XXL

CODE: UL0024/3VN

DIMENSION: ø 55.7" × 54.5"

MATERIALS: Glass, metal
