

AVICO

2006

Big-impact suspension lamp, spectacular thanks to its large sizes, available in 120 and 160 centimetre diameters. Polyethylene diffuser in white, black and, on request, also in silver and gold. White inside for all versions. Also available in an outdoor version. A lower disc that covers and hides the light sources is sold as an accessory.

TECHNICAL SHEET

Suspension lamp. Frame and canopy in chromed metal. Diffuser with white polyethylene interior and exterior available in white or black (RAL 9005 matt). Steel suspension cable. Black power cord. On request, the Avico diffuser is available with white interior and metallic silver or metallic gold exterior.
