

# SOLE

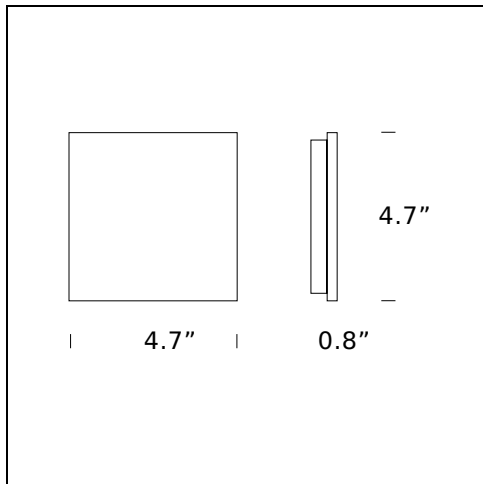

Dino Amato, 2011

A lighting project that is both technical and decorative. Essential design with a techno 'heart' thanks to a highly evolved Led board with adjustable, energy-saving, high luminous efficiency. Tiny and easy to install on walls or ceilings

**TECHNICAL SHEET**

Wall/ceiling lamp. Matte Body in white opaque plastic polymer. Screen-printed extra-clear glass diffuser. Easy-to-install lighting fixture with a LED board for mains voltage operation that does not require a transformer. Dimmable with remote light dimmer (not supplied).
