## **EQUATORE MEDIUM**

## Gabriele e Oscar Buratti, 2017

Equatore is a contemporary reinterpretation of the classic lamp with a glass shade. While the traditional abat-jour uses the shade to contain the light source within, in this family of lamps the shade is paradoxically and suggestively empty, with the light being generated by two luminous discs placed inside a central metal band, visible on the shade, that evokes the line of the equator. The light produced by the Leds, thanks to internal screens arranged in layers, is distributed regularly across the surface of the discs, magically illuminating them. The bottom disc directs the light output downward, the upper one illuminates the glass cap for a soft, diffused light. Available in table, floor and ceiling models, in two sizes and four colors.

Floor lamp with diffused and dimmable light generated by led inserted into two overlapping polycarbonate discs. The bottom disc directs the light output downward, the upper one illuminates the glass cap. Painted matal frame. Diffuser made of transparent and coloured glass. Black power cable, dimmer and plug. Plug-in power supply with interchangeable plugs (UK - USA - UE). Integrated led.

MADE IN

ALIMENTATION CABLE Black

DIMMER Dimmer included

MATERIAL DESCRIPTION glass, metal

COLOR DESCRIPTION SKU matt gold

GROUP TENSION Integrated Led

ENERGY CLASS

LIGHT SOURCE LED 40W (2700K, CRI>90, 4500Lm)
