

YUMI

Shigeru Ban, 2011

Yumi means bow in Japanese. Today, this simple shape is re-interpreted by Shigeru Ban for FontanaArte. Its absolute harmony is destined to turn into a new universal classic. Yumi is both delicate and strong: an essential sign that meets a resistant and light structure. 170 LEDs are discreetly sunk into the structure of the lamp minimising the use of space and further enhancing the continuous line of the bow design. Choosing materials that are resistant to high temperatures made it possible to sink the wiring entirely inside the stem during the production process. Yumi spreads a warm downward glow which is ideal for creating an intimate atmosphere. It adds character to different interiors with its distinct but subtle personality.

Floor lamp with direct and dimmable light. Painted aluminium frame. Painted metal base. Black power cable, dimmer and plug. Plug-in power supply with interchangeable plugs (UK - USA - UE - AUS). Integrated led.
