

EQUATORE

Gabriele e Oscar Buratti

Equatore is a contemporary reinterpretation of the classic lamp with a glass shade. While the traditional abat-jour uses the shade to contain the light source within, in this family of lamps the shade is paradoxically and suggestively empty, with the light being generated by two luminous discs placed inside a central metal band, visible on the shade, that evokes the line of the equator. The light produced by the Leds, thanks to internal screens arranged in layers, is distributed regularly across the surface of the discs, magically illuminating them. The bottom disc directs the light output downward, the upper one illuminates the glass cap for a soft, diffused light. Available in table, floor and ceiling models, in two sizes and four colors.

SPECIFICHE TECNICHE

Certificazione	CE,CLASSE II,EAC
Materiale	Vetro,Metallo
Accensione	Dimmer incluso
Emissione	Luce diffusa
Potenza totale	40W
Sorgente luminosa	LED integrato
Flusso luminoso	4500 Lm
Temperatura colore	2700 K
TYP CRI	>90
IP	20

SKU

F438905150OOWL

NOTE

Table lamp with diffused and dimmable light generated by led inserted into two overlapping polycarbonate discs. The bottom disc produces a downward light output, the upper one illuminates the glass cover. Painted metal frame. Diffuser made of transparent and coloured glass. Black power cable, dimmer and plug. Plug-in power supply with interchangeable plugs (UK, USA, UE, AUSTRALIA).
